

Infant Room Policy

Southpoint ELC enjoys serving our community by providing a wonderful infant room for your little one. As a business investment, however, it is quite costly. Therefore, Southpoint cannot afford to pay top quality people and then allow prospective families to reserve a spot months in advance. The school must continue a flow of funds in order to maintain the standards which we have achieved with merit.

The policy of Southpoint ELC is to require the \$35.00 registration fee at the time of commitment. We will then hold your spot for two weeks. At the end of that two weeks you are required to pay full tuition even though your little one might not yet physically attend. Not following this policy will null and void your placement, and no refund will be given.

For those families with prior arrangements, we ask that you call before/during the two weeks prior to enrollment to confirm placement of your child. We will reserve for a much longer period with the understanding that tuition must be paid each week following the grace period of two weeks.

We appreciate your patience and understanding as we move together through this venture.

Sincerely,

End
